Make holidays memorable!

Feast your senses this holiday season as Julia Gabriel Centre for Learning comes 'ALIVE!' with motivating learning adventures that spark a balance between imagination, intellectual development and areas of interest to children.

Dramatic play and discovery are important cornerstones of education, helping children reach key developmental milestones and create their understanding of the world. Research in neuroscience suggests that play, the arts and physical activity have a significant impact on students' cognitive, social, and emotional development. There are significant links between imaginative play, artistic engagement and the growth of thinking skills. With this in mind, our specialist teachers have created a range of exciting learning experiences for all our students.

To discover the creative artist in you, Little Art Bug's visually expressive programmes for young children explore drawing and design techniques using different media. To join in the fun, you can travel with EduPlay for *Bird Park Adventure*, *Fine Feathered Friends* and *Splash Time* (complete with excursions to Underwater World on Sentosa and Jurong Bird Park), or EduDrama to *Awaken the Puppet Master*, *Book of Vanishing Stories* and *Puppets Alive*, a performance arts programme to introduce some of the fascinating skills of stagecraft.

Don't forget that holidays are great opportunities to develop reading and writing confidence, so jump right in to an *Adventure into Reading* and *Adventure into Writing* or sharpen creative literacy skills in *Young Writers' Club*. As the school breaks also present perfect times to develop confidence and enjoyment of speaking Mandarin you might want to check out the originality and excitement in store in *Chinese Cultural Arts*, *Hanyu Pinyin Kingdom*, *Magical Museum Mystery* and *Mandarin Early Readers*.

The holidays will be exciting! At Forum, Evans Road and Playground at Big Splash, our teams of warm, nurturing educators are waiting to welcome you to all the fun and learning, leading to confidence in school and in life. We hope to see you soon.
